Kids racing into the future!

Meet Our Family

We are the Lilick's and our family's love for racing stemmed from spending every weekend April- October at the Dirt Track. We spent the weekends watching Kristofer Sr., (our dad) racing at the dirt tracks. As soon as Kristofer Jr and Kinsley were 4 ½ they were able to start practicing in their race cars. Their careers started at 5 years old! We also have two future racers Karsyn and Keagan! Along with spending countless hours at the track comes the hours preparing and fixing the cars for the track. Racing is a great family sport but it comes with alot of cost, maintenance and parts.

What will your sponsorship go toward?

Lilick Motorsports is a race team with two quarter midget drivers and 4 race cars. Quarter midget racing is the stepping stone for youth drivers to work their way up to higher levels of racing. This team is a brother and sister duo that travel from Pennsylvania, New York, New Jersey, Connecticut and eventually with your help they will be able to travel to other states as well. They race almost every weekend from the middle of April until the end of October. Their home track is located in Honey Brook, Pennsylvania. They also race on a regional level where they will travel to other tracks throughout the season. Sponsorship money goes towards everything from parts, repairs, fuel, tires and much more.
